

CEFIRO

The Cefiro ceiling fan merges modern design with superior efficiency to elevate any space. Powered by a **35 W motor** and delivering up to **11,400 m³/h** of airflow, it ensures strong, quiet, and steady air circulation. Available in **1.32 m** and **1.52 m** diameters, it's ideal for living rooms, bedrooms, offices, and residential settings where both comfort and aesthetics matter.

You can choose versions with or without a **24 W LED light** (1,800 lm), with adjustable color modes: cool, natural white, or warm, to suit your mood. Control is effortless via remote; wall control or **Wi-Fi control** options are also available for added flexibility.

The Cefiro fan is offered in various finishes—white, black, light timber tone or copper—so it fits your décor. It weighs about **7 kg** and features a visually integrated design that complements ceiling aesthetics.

Cefiro doesn't just deliver airflow; it brings elegance and functionality. It's perfect for those seeking a quiet, energy-efficient fan with lighting options, modern control, and contemporary design.
